

Title	Votes	Supporters
More affordable housing	179	90
More green roof tops so we have more vegetation on our roofs!	158	110
White roofs as building code - black roofs cause 10% greater heating costs	156	99
Power purchase agreement for solar on all DCPS roofs	156	89
Selectively increase height limits for mixed-use developments near downtown metro stations	106	60
Remove the existing asphalt on the Brent Elementary playground!	95	46
Use vacant land for Urban Agriculture	43	26
Smart Roof program that reduces storm water runoff, energy use and carbon footprint	41	28
Utilize permeable pavement in parking lanes, alleys, parking lots, and sidewalks.	39	24
Sustainability is equitable development	24	10
Corporate/Big Building Lights Off at Night	21	16
Transform the Property Tax into a "value-capture user fee"	20	8
Encourage all buildings in DC to collect rain water from their roofs and use it for landscaping and other non-potable water purposes.	17	11
Mixed-use Development centered near Public Transportation	17	9
Start a DC-based "eco-districts" initiative modeled after the initiative of the same name in Portland, OR.	11	6
More Aggressive Enforcement of Abandoned and Underused Properties	10	6
Create a plan to decrease paving and increase tree canopy at DC public schools	9	8
Provide incentives for developers to underground utilities	8	6
Please partner with DPR & DGS to green their properties. Far too little maintenance of them & far too much run off from city owned property	8	6
Ban Propped Store Doors	7	7
Encourage environmental justice	7	3
Appealing, affordable, family-friendly	5	4
Net zero for old buildings, net plus for new	5	3
Ensuring new development is sustainable	5	3
Make rooftop farming easier through clearing zoning regulations, floor to area bonuses, buildings department support and incentives.	5	2
Green Buildings	4	4
Recognize built projects, policies and regulations, as well as champions for advancing equitable development	3	1
Affordable housing! Community land trusts.	2	3
Incentives for homeowners to green their homes	2	2
Use fallow lots for green infrastructure	2	2
Sustainable DC & Wal-Mart Community Agreement: Require Wal-Mart "Solar over Green" roofs for Photovoltaic Electricity & Storm Water Run-Off	2	2
Install solar thermal/photovoltaic systems on every appropriate property in DC, representing 35% of all buildings in 10 years.	2	2
We need to put all telephone and other wires into underground conduits. It would look better, save on maintenance, and be much safer.	2	2
Design compact, well-connected street networks	2	1
Connect urban food system with other green infrastructure	1	2

Recognize and develop DC's existing alleyways into more organized pedestrian and bicycle networks that cut through vehicular grids	1	1
Connect office space with nature	1	1
Bird friendly buildings	1	1
Affordable housing near parks	1	1
Transform RFK into a new, "complete" neighborhood - it's huge!	1	1
Move the proposed Youth Baseball Academy from Fort Dupont Park to the RFK parking lots.	1	1
Diversify housing models	1	1
Alley dwellings	1	1
Benchmark District against green codes and standards	1	1
Juried green building competition for 1 retrofit and 1 new build using conservation/efficiency/renewables for nbrhd bus districts.	1	1
Host a twitter meeting	1	1
Playback theater performance on creative sustainability	1	1
Renewable Energy on Rooftops	1	1
