

Vendors of Recyclable and Compostable Food Service Ware

By publishing this list, the District of Columbia's Department of Energy and Environment neither endorse these vendors, nor the quality of their products. Because market forces dictate changes in the products that vendors offer, this list may not be a complete list of vendors and some vendors may no longer offer recyclable or compostable food service ware. Ultimately, it is the responsibility of stores located within the District of Columbia to verify that products meet the recyclable or compostable definition, per D.C. Official Code § 8-1531(1), (5). The District of Columbia is not responsible for any and all expenses that may be associated with using this list.
