

The District has made great progress toward becoming the healthiest, greenest, and most livable city in the US this past year. Below are just a few highlights. To read more, visit www.sustainabledc.org/2018progress.

EQUITY & DIVERSITY

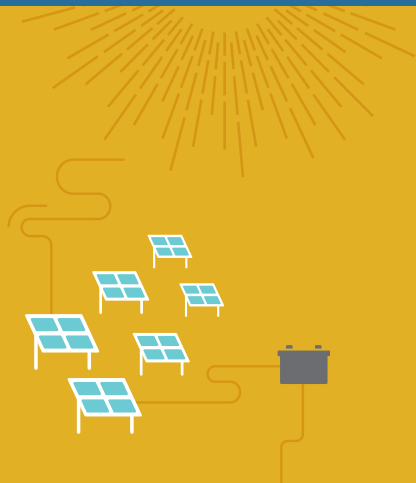

Last summer, the Sustainable DC team broadened the reach of the plan update by surveying **3,000 residents**, and producing 18 pop-up events at locations across all eight wards.

ENERGY

Solar for All will deploy up to **7 megawatts of solar generation capacity** — enough to power 2,000 homes annually and reduce energy bills by 50% — to serve 100,000 households by 2032.

CLIMATE & BUILT ENVIRONMENT

Mayor Bowser committed to make DC climate resilient and to reduce the city's greenhouse gas emissions

100% by 2050

DC was also named the first LEED Platinum City in the world.

TRANSPORTATION

58% of commuter trips are made by bike, walking, or transit.

JOBS & ECONOMY

39 trainees

graduated from *Solar Works DC*, DC's groundbreaking solar installation job training program that provides solar electric systems to income-qualified households.

14 of those graduates now work in the solar industry.

APRIL 2018
FIFTH YEAR
PROGRESS
REPORT

Sustainable DC 2.0 is a collaborative citywide effort to update the District's 2013 sustainability plan, Sustainable DC. The updated plan will incorporate changes in technology, new District programs and policies, and better reflect the priorities of all District residents.

NATURE AND WATER

Mayor Bowser designated portions of Kingman and Heritage Islands as **State Conservation & Critical Wildlife Areas** and proclaimed 2018 the **"Year of the Anacostia."**

FOOD, HEALTH & WELLNESS

YOUTH OBESITY RATES

Source: District Office of the State Superintendent of Education

Mayor Bowser provided **\$1,000,000** to Joyful Food Markets to host pop-up grocery stores at elementary schools in Wards 7 and 8. Each student received **23 pounds of fresh produce.**

WASTE

23% of residential waste is either recycled or composted
