

The Housing Equity Report calls for **36,000 new housing units** by 2025, distributed through all eight wards, with 12,000 new or preserved affordable units.

CLIMATE

17 community leaders

in the climate-vulnerable Watts Branch neighborhood in Ward 7 co-designed a community resilience hub with DC Government.

ECONOMY

DC Water and the Department of Small and Local Business Development hired **149 local residents** for green jobs through training and workforce programs.

EDUCATION **FOOD**

2.8 million pounds of local produce

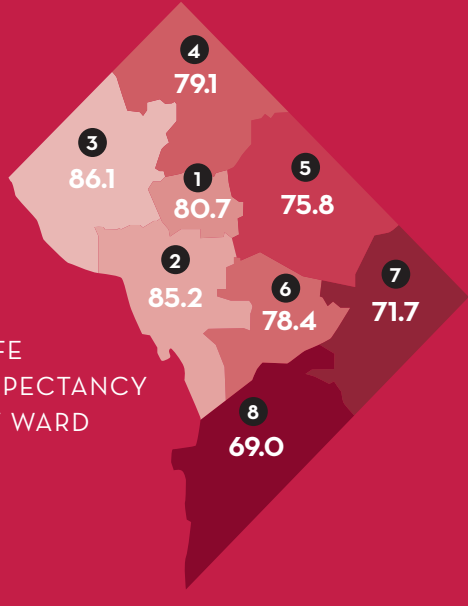

were purchased from regional farms for school meals—a 23% increase from 2018. *Source: DC Food Policy Council*

NATURE

District Government and community partners planted **15,529 trees.** *Source: Department of Energy and Environment*

HEALTH

Mayor Bowser released the **Health Equity Report** which highlights neighborhood factors that affect health, such as transportation, food access, and community safety.

APRIL 2020

PROGRESS
REPORT
SUMMARY

—2.0—
DC
SUSTAINABLE
★ ★ ★

The District has made great progress toward becoming the healthiest, greenest, and most livable city for all residents this past year. These are just a few of the many highlights.

TRANSPORTATION

19.5% of
commuter trips

taken were made
by bicycle or by walking.

Source: American Community Survey

ENERGY

DC installed solar photovoltaics
on 58 District Government
sites and generated

106,000
megawatt hours

of wind power—enough clean
energy to power 9,000 homes.
